MI - o - na Costs You Nothing If It Falls to Restore Health, Say Rowley & Snow.

The poor, thin, emaciated dyspeptic, when he becomes plump, rosy and ro-bust, after using Mi-o-na, forgets that there is such a thing as indigestion.

This treatment is entirely different from any other medicine or treatment for dyspepsia. It is so different and so uniformly successful that Rowley & Snow want every reader of the State Journal to take Mi-o-na for a month at

In order that there may be no misunderstanding, they will give the fol-lowing algued bond with every package:

Extreme Thinness a Symptom—
Scientific Way by Which It Can Be

Garden City, Kan., Dec. 4—The Western Kansas Irrigation association will hold its regular annual session at Garden City on the 10th and 11th inst.,
Thursday and Friday of next week. A Scientific Way by Which it Can Be Cured.

Mi-o-na cures dyspepsia by the only natural method of giving tone and strength to the digestive organs, soothing and healing the irritated and inflamed conditions, and mingling with the food so that it is more easily assimilated and digested.

Extreme thinness and emaciation is one of the principal symptoms of indigestion, but many of the following symptoms are also in evidence:

Thursday and Friday of next week. A very full and interesting programme has been arranged. The Santa Fe rail-road has made a special rate, and a large number of delegates from the western part of the state have already notified the management of their intention to be present. If each county, town, commercial club, and ditch company sends delegates, as indicated, the convention will be a large one.

Among the more prominent speakers that will be present to address the convention will be Governor Bailey, Senator Smith of Kinsley, and Senator Swink of Rocky Ford, Colo.

A few days' use of MI-o-na will show a marked gain in health and in a few weeks the cure will be complete. This young farmer who lives northwest of is a strong statement, but Rowley & young farmer who lives northwest of town. In some recent money troubles for Dryden, one of the accounts reported against him, was that he had borrowed money of Miss Gibson and had given false security. The Citizens' which had a like account against but Dryden was rowed money of Miss Gibson and had given false security. The Citizens' bank which had a like account against Dryden, pushed it, but Dryden was found not guilty, and settled up all claims. Miss Gibson refused to assist in the prosecution and did all she could to assist in cheering Dryden. 'Dryden won all around. Miss Gibson's influence in his case had a good effect on Dryden and undoubtedly she now feels fully rewarded.—Emporia Gazette.

It is a fact that there are not nearly as many thin and scrawny people on the streets of Topeka today as there were a year ago. This is undoubtedly due to the general use of Mi-o-na, the flesh-forming food that they have been selling in large quantities the last year. Rowley & Snow have so much confidence in Mi-o-na that they offer to pay for the treatment themselves if it does not give satisfaction.

It pays to advertise articles of merit in the Topeka State Journal. While Mi-o-na has been advertised but little, yet Rowley & Snow say that it is the best selling article in their stock. This shows the advantage of State Journal advertising when one has an article of special merit to sell on a "no cure, no pay" plan, the way Mi-o-na, the flesh-forming food and digestion regulator is sold.
